

Monroe has a drop-off recycling program. The drop-off is located at the Municipal Building on the Woodsville Road, behind the ice skating rink.

Hours are:

April - October: Saturday Mornings, 8 am - 10 am

November - March: **Every other** Saturday, 8 - 10 am

If you cannot make it down at any of these times, and still have recycling to drop off, please call Bryan or Eileen, and we can help you with access. You can reach us at 638-3002.

If you have already been recycling at one of the area's other facilities, such as Littleton or East Ryegate, you should know that there is **NO sorting required for Monroe**. Casella Waste Management is handling sorting for us at the Williston, VT facility. You will need to empty your recyclables out of your primary container into the dumpster; **you can't 'sling' a large plastic trash bag in**. **Help will be available if you need it. Not sure what you can recycle? See the Recycling Guidelines below where you can view a copy of the guidelines that were sent out with the December Town Newsletter.**

MATERIAL	TYPE	OK	NOT OK	COMMENTS
GLASS	Glass bottles & jars Any Color	"Food & Beverage" Types	Light Bulbs, dishware, Pyrex, window panes, ceramics or drinking glasses	Please rinse clean and separate lids. Neck rings are ok to leave on.
